eHRAF Highlights

"I have worth": female body confidence and perceptions of beauty around the world

Based on interviews of 10,500 women – including 5,165 girls aged 10 to 17 – in 13 countries worldwide The Dove Global Beauty and Confidence Report (2017) investigates the current state of female body confidence (Dove 2018). The report worryingly concludes that falling female body confidence has become a "critical issue" around the world, and points to...
